

Invitation to Local Residents

Quidhampton Quarry – Restoration Proposals

Quidhampton Quarry has a long history of chalk extraction. Imerys Minerals Ltd, and its predecessors ECC, worked and processed chalk at the site and now S Walsh & Son Ltd, with the support of Imerys Minerals Limited, is preparing proposals that will enable the site to be restored. This will entail a revision of the planning consent.

We would like to invite our neighbours to learn more about the future plans.

We are holding an event on;

Saturday 30th April 2016 at 11.30am – 1.30pm at the Bemerton Heath Centre.

You will be able to view the plans, discuss the scheme and provide your feedback on the restoration concept. We hope very much that you are able to join us
